REPITPsychose.org: Collection of Psychoeducational E-tools to Promote Patient Engagement in Times of Virtual Care and to Promote the 21st Century Patient-centered Biopsychosocioexistential Model of Care

Dr Tin Ngo Minh, MD, FRCPC

CPD Director at AMPQ (Quebec's Psychiatrist Association)
Clinique L'ÉQUI-*Libre* (<https://clinique.lequi-libre.ca>)

REPITPsychose.org: Recherche et Enseignement sur les Pratiques Innovantes dans le Traitement de la Psychose
Assistant Professor University of Ottawa Canada

Dubai - March 18-19th 2022
New Technology and Mental Health Conference

Objectives

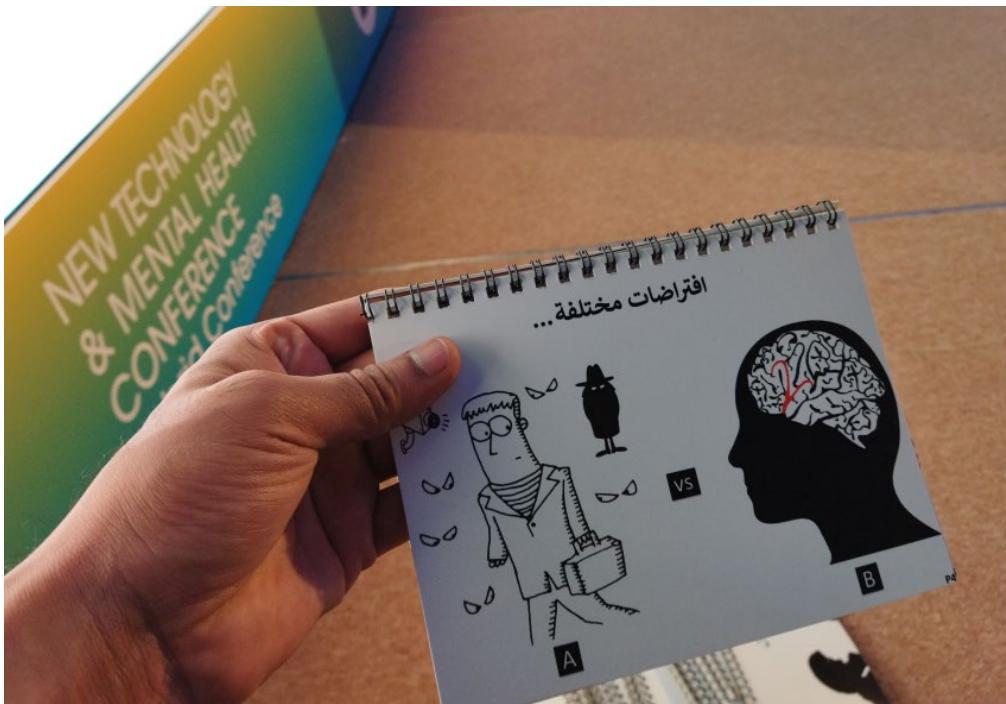

- Recognize the rationale for psychoeducation & caregivers' responsibility to provide personalized interventions to engage their patients in their care
- Identify the ePPv2 tools and complementary web-based apps available on www.repitpsychose.org
- Demonstrate the use of the tools in everyday medical/psychiatric practice and during virtual care.

PPv2: Patient Education tool on Psychosis

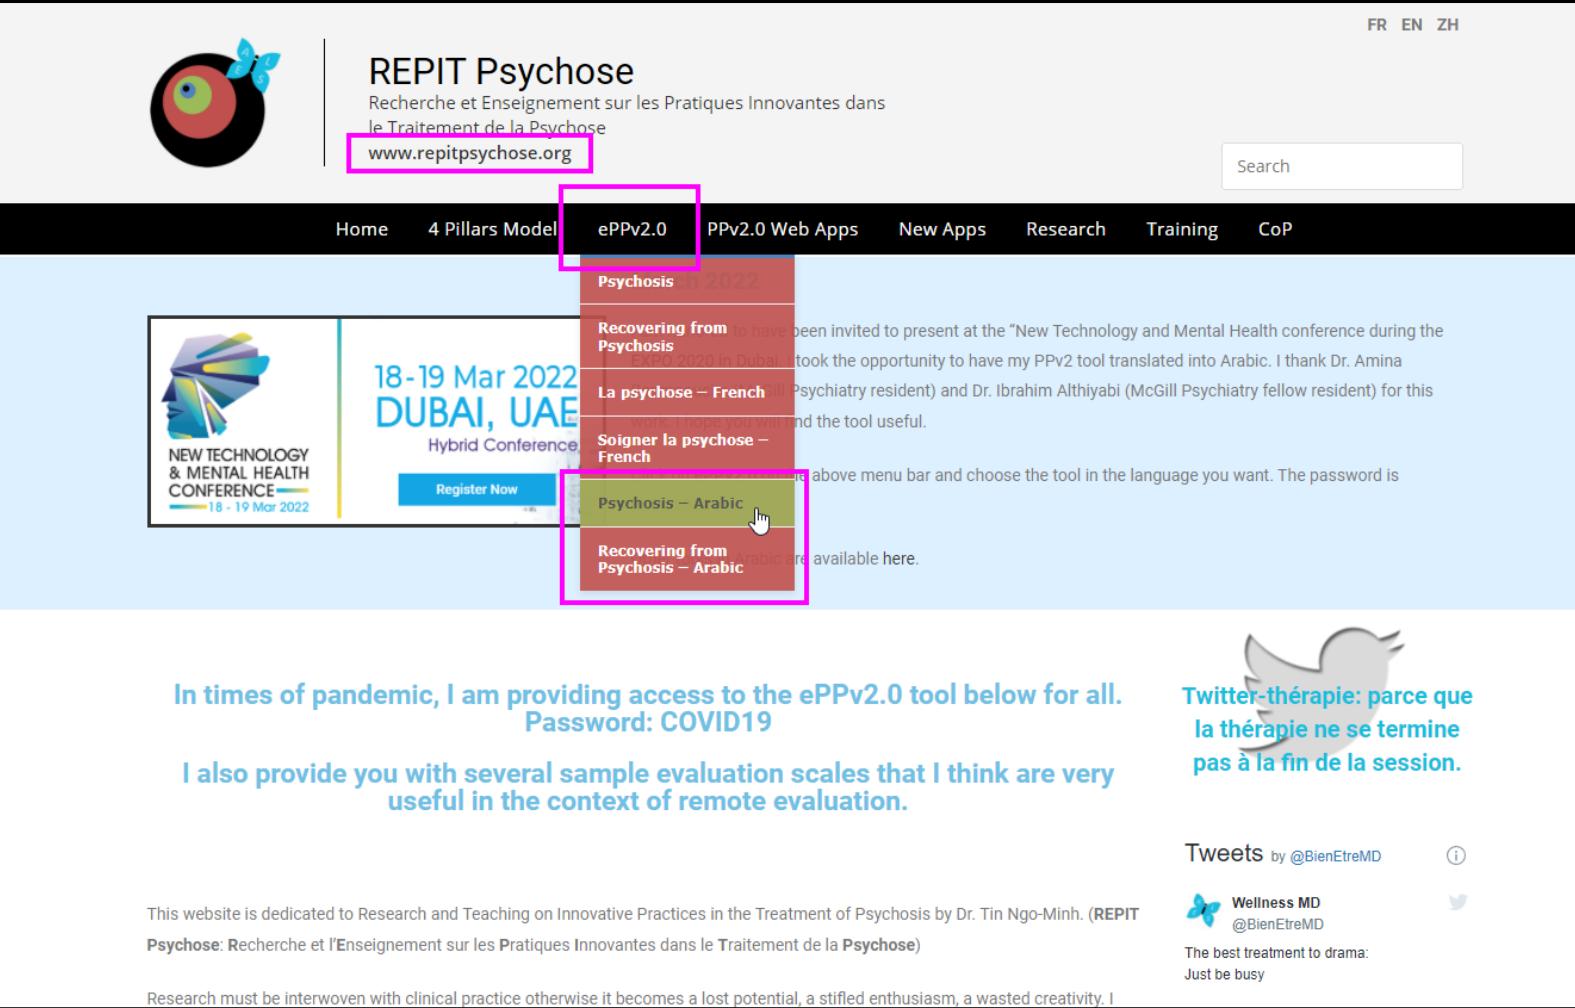

Translation in Arabic: Dr. Amina Benmaouche (McGill Psychiatry resident) and Dr. Ibrahim Althiyabi (McGill Psychiatry fellow resident)

- Akilash Joseph <akilash@mco.ae>

ePPv2: online PPv2 - www.repitpsychose.org

The screenshot shows the REPIT Psychose website. At the top, there is a logo of a stylized eye with butterflies. The header includes the text "REPI Psychose" and "Recherche et Enseignement sur les Pratiques Innovantes dans le Traitement de la Psychose". Below this is a search bar and language links (FR EN ZH). The main navigation menu has items: Home, 4 Pillars Model, ePPv2.0 (which is highlighted with a pink box), PPv2.0 Web Apps, New Apps, Research, Training, and CoP. A sidebar on the left promotes a "NEW TECHNOLOGY & MENTAL HEALTH CONFERENCE" from 18-19 Mar 2022 in DUBAI, UAE, with a "Register Now" button. The main content area discusses the "ePPv2.0" tool, mentioning its translation into Arabic for the EXPO 2020 conference. It also links to sample evaluation scales in French and Arabic. A message at the bottom encourages users to provide feedback on the tool.

**In times of pandemic, I am providing access to the ePPv2.0 tool below for all.
Password: COVID19**

I also provide you with several sample evaluation scales that I think are very useful in the context of remote evaluation.

This website is dedicated to Research and Teaching on Innovative Practices in the Treatment of Psychosis by Dr. Tin Ngo-Minh. (REPIT Psychose: Recherche et l'Enseignement sur les Pratiques Innovantes dans le Traitement de la Psychose)

Research must be interwoven with clinical practice otherwise it becomes a lost potential, a stifled enthusiasm, a wasted creativity. I

Password: EXPO2020

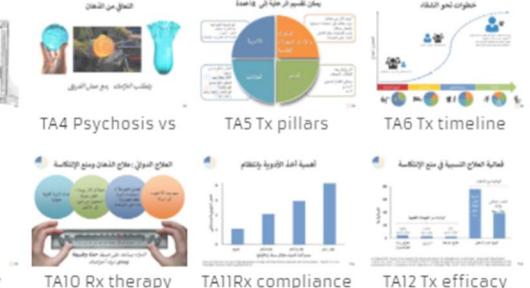

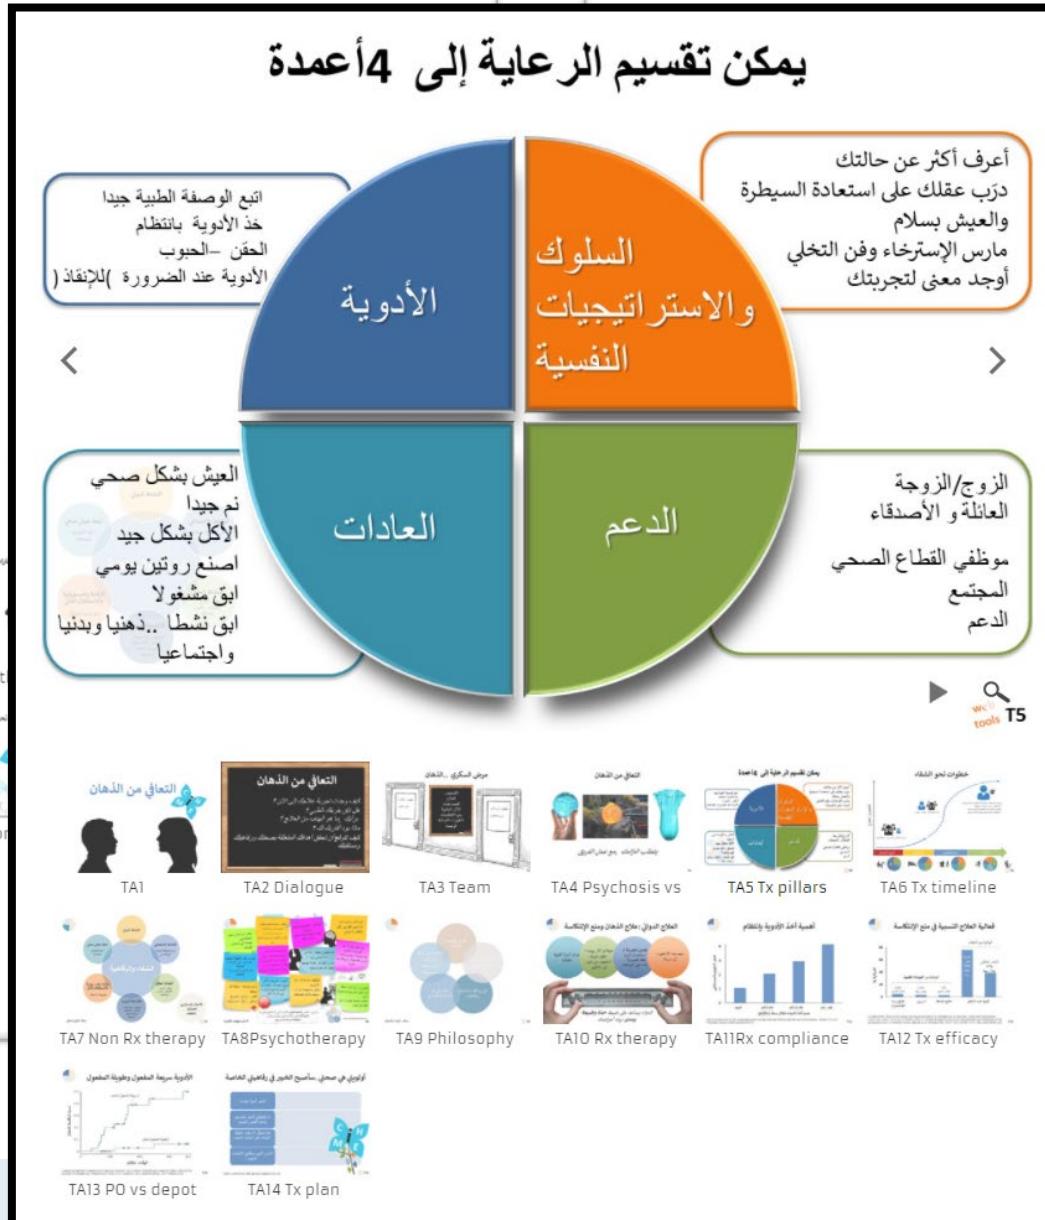

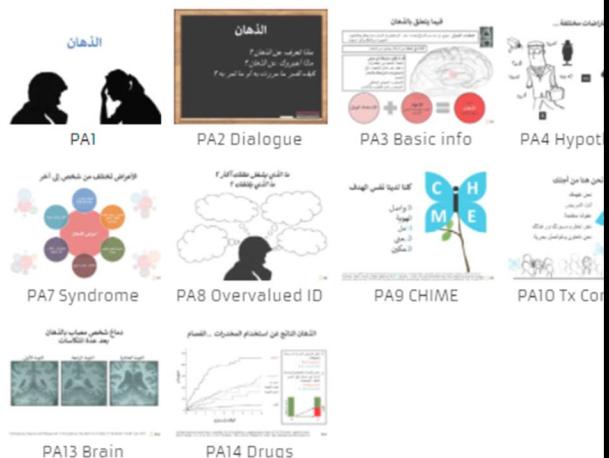

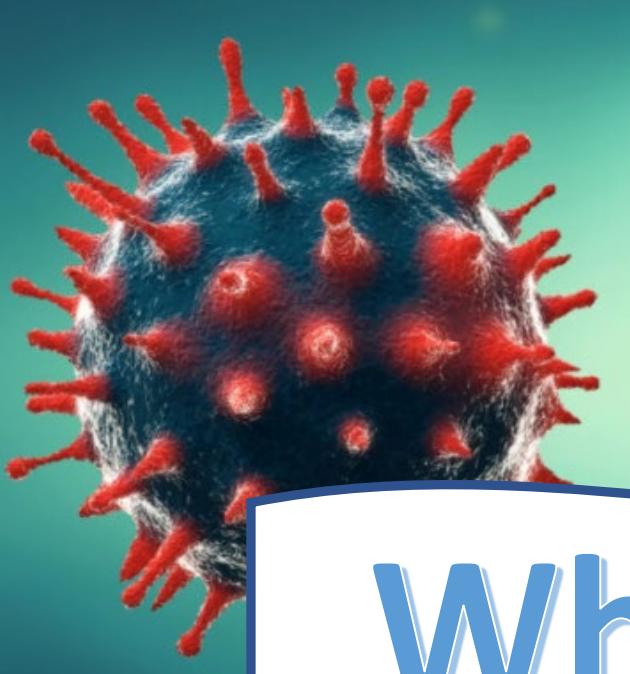

The screenshot shows a password entry form. At the top, it says "Accès restreint" and "Reserved to members". Below that, it asks "Entrez votre courriel inscrit:" and "Enter your subscribed email:". There is a text input field containing "EXPO2020" and a "Entrer - Enter" button.

What is your plan?

RECLUSION

How do we change?

Can technology promote change?

Our common goal

How do we change? How do we adapt to change?

Crucial Criteria for Change (CCC):

- The will to change
- Plan & strategy

The Will to Change? or The Obligation to Change?

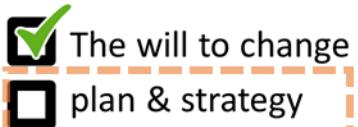

To change may mostly be about seizing the opportunity to change...

The will to change

plan & strategy

A plan & a strategy?

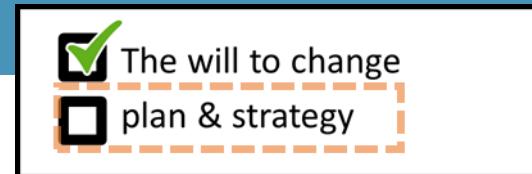

1. Clearly **understand and remember** the reasons for change
2. A change that **make sense** to the individual: **personalized treatment**

Other ingredients to success:

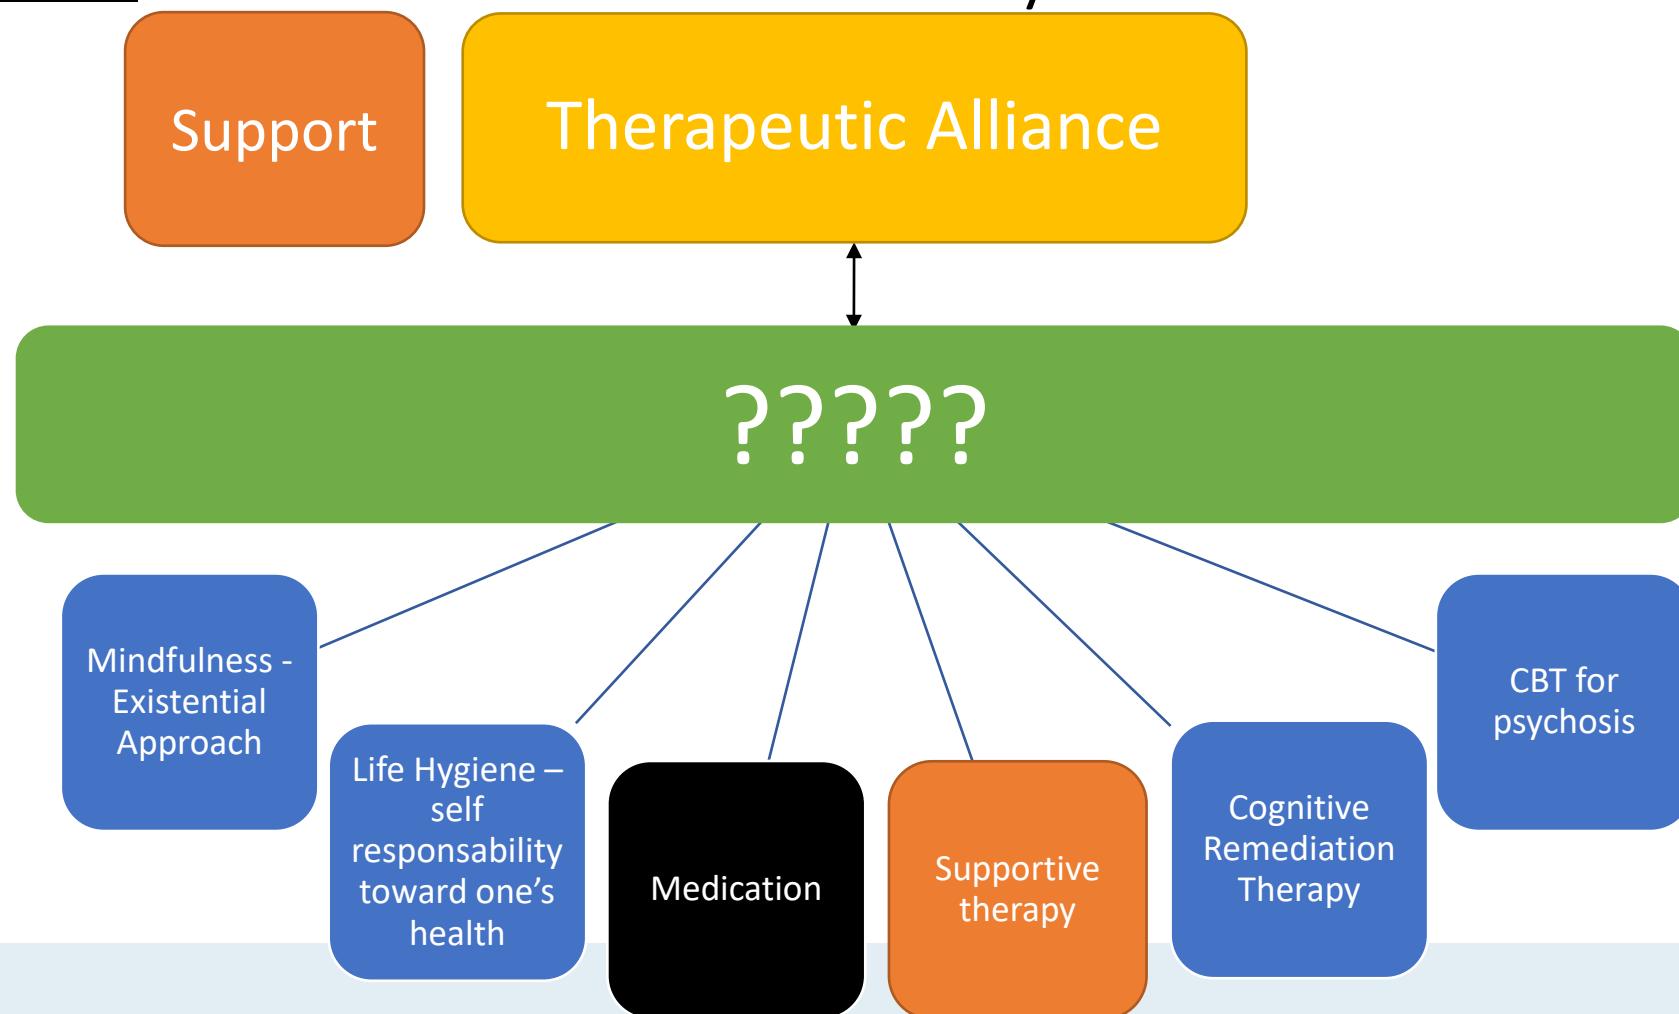

- Patience and persistence
- Consistency
- Flexibility and humility

A plan & a strategy: 1) understand

1st treatment: information before any intervention

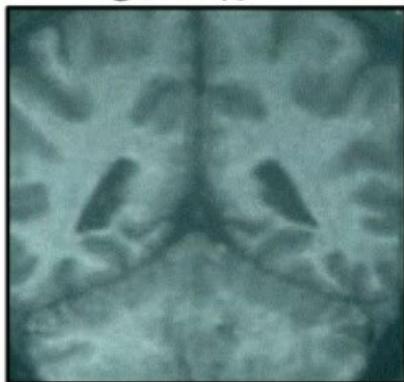

A plan & a strategy: 1) understand

فيما يتعلق بالذهان

نطراط كيميائي حيوي في جزء من الدماغ يحدث عند المراهقين أو الشباب مما يعطل وظائفهم:

دماغ شخص مصاب بالذهان بعد عدة انتكاسات

النوبة الأولى

النوبة الرابعة

العاشرة

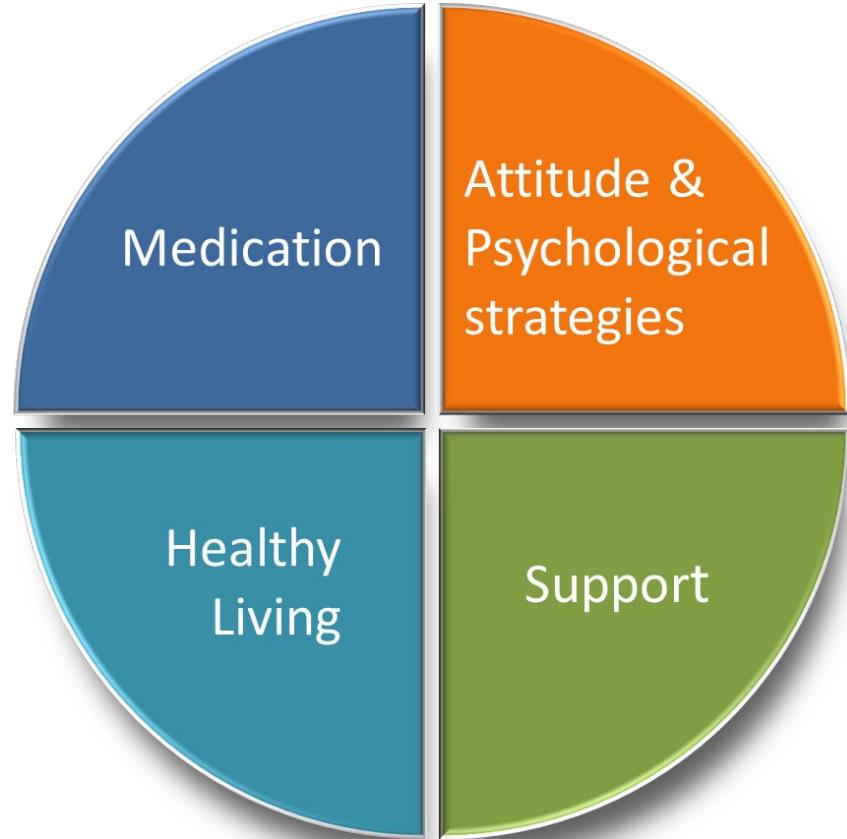

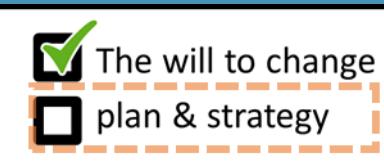

نمط عيش صحي

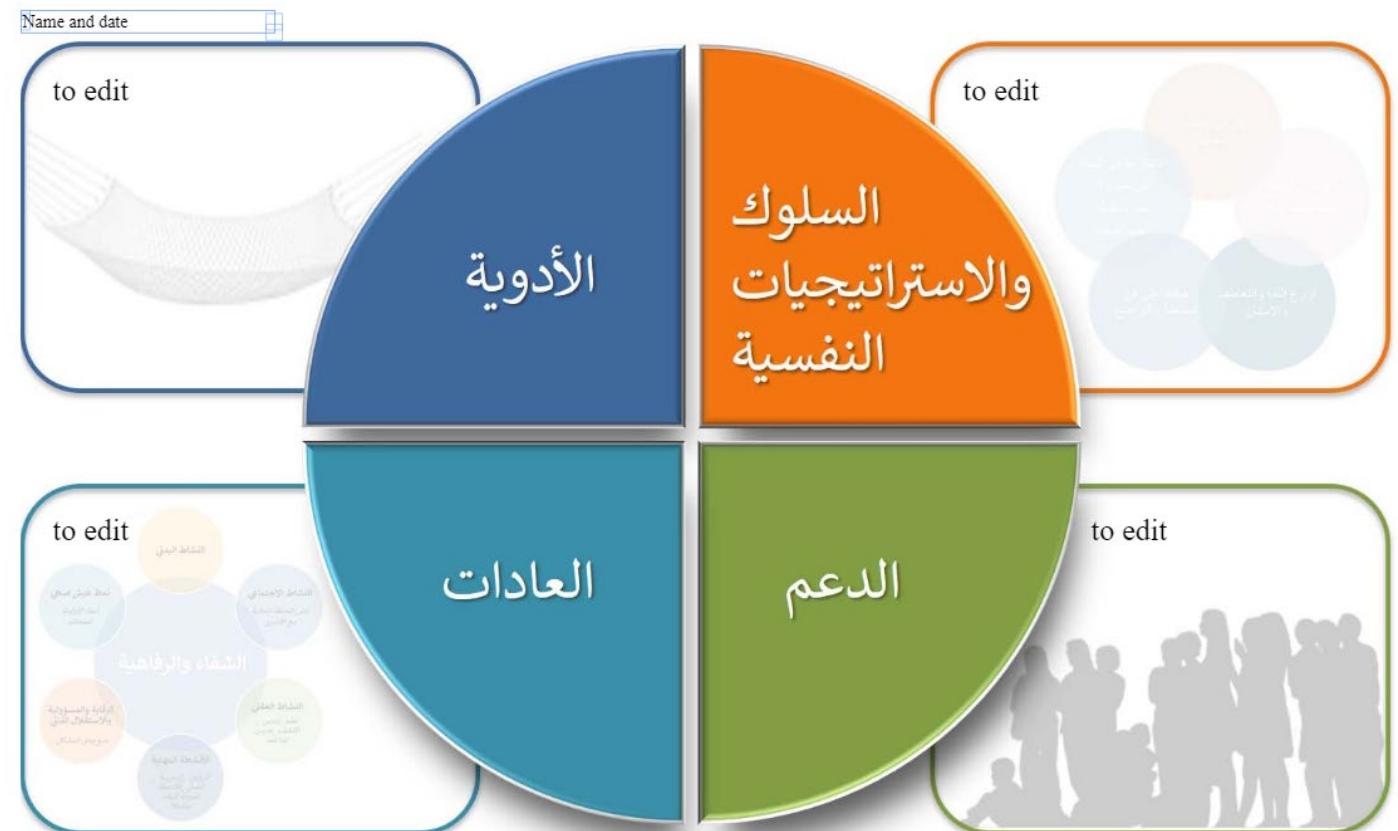

web tools T7

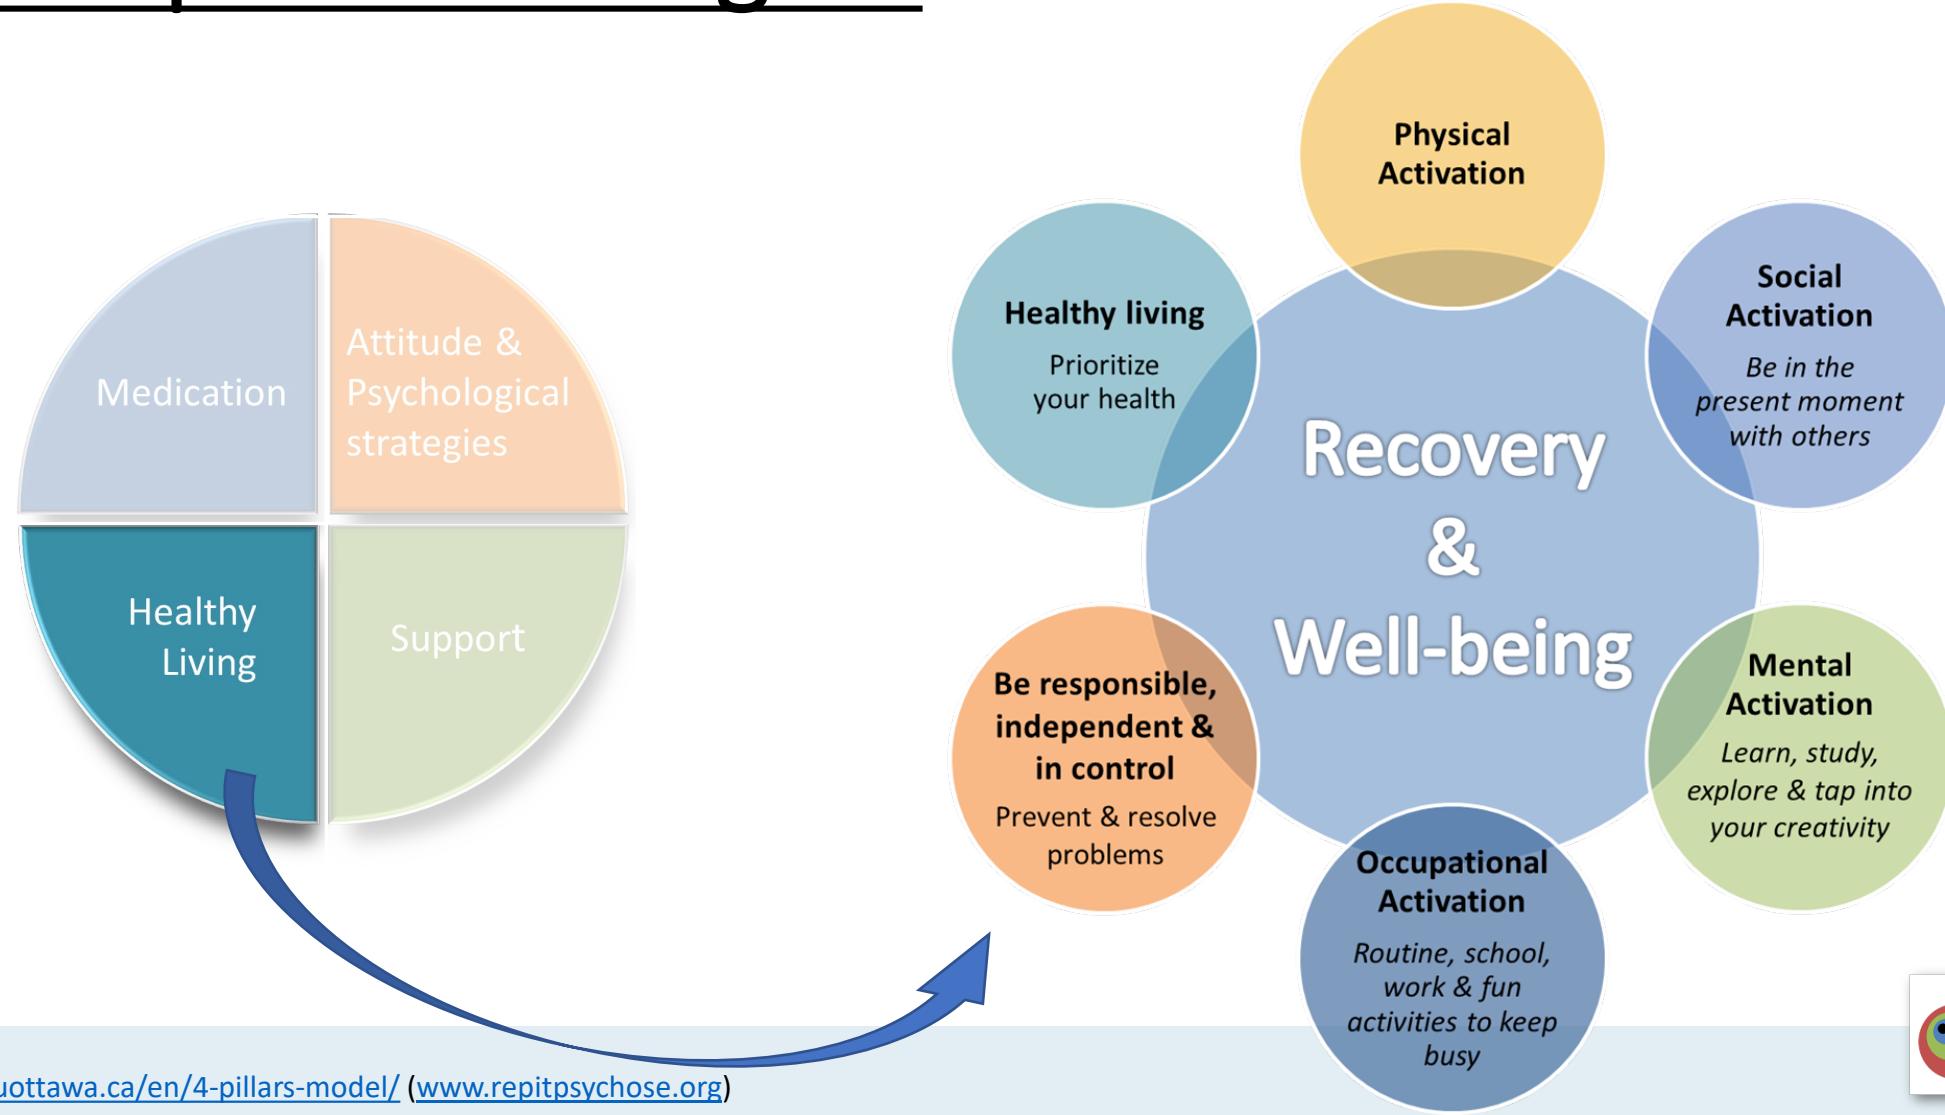

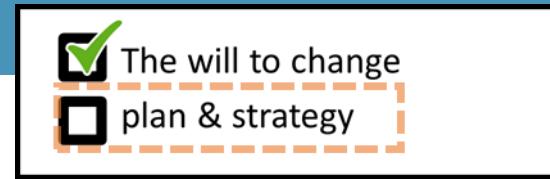

A plan & a strategy: 2) personalized Bio-Psycho-Social treatment

Personalized and simplified recovery plan (PR2) based on the "4 pillars model" - Arabic

A plan & a strategy: 2) personalized non-pharmacological treatment

A plan & a strategy: 2) personalized non-pharmacological treatment

5 Principles to Wellness & Freedom

Be in the present moment

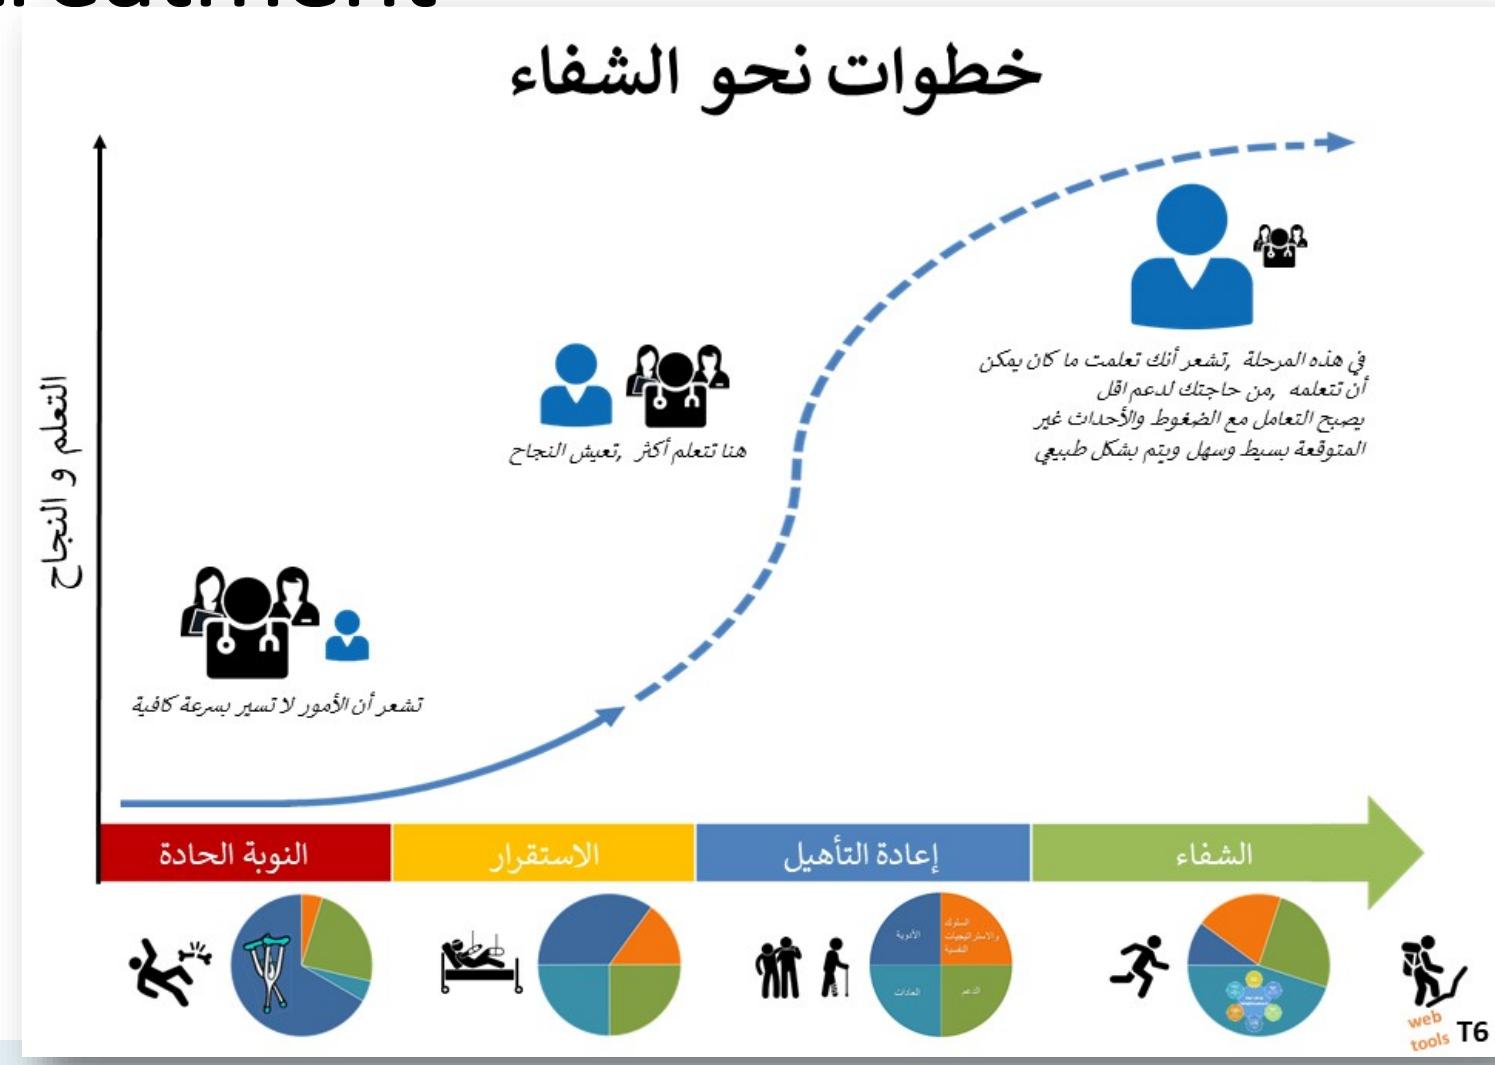

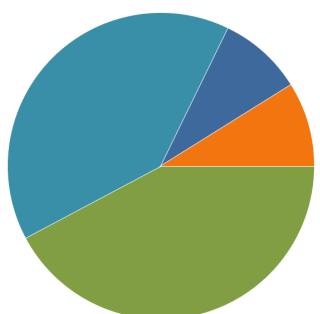

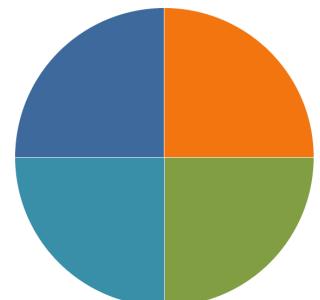

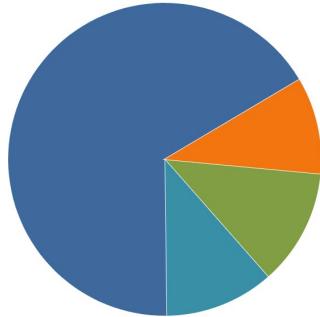

Engage in life
 Be responsible
 Respect yourself
 Love yourself

Know your priorities. Give yourself time

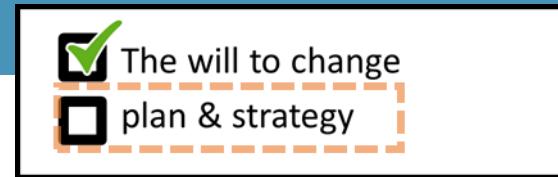

Maintain a discipline of simplicity and humility

Cultivate trust, compassion and gratitude

A plan & a strategy: 2) personalized dynamic treatment

A plan & a strategy: 2) personalized treatment that serve a purpose, that make sense

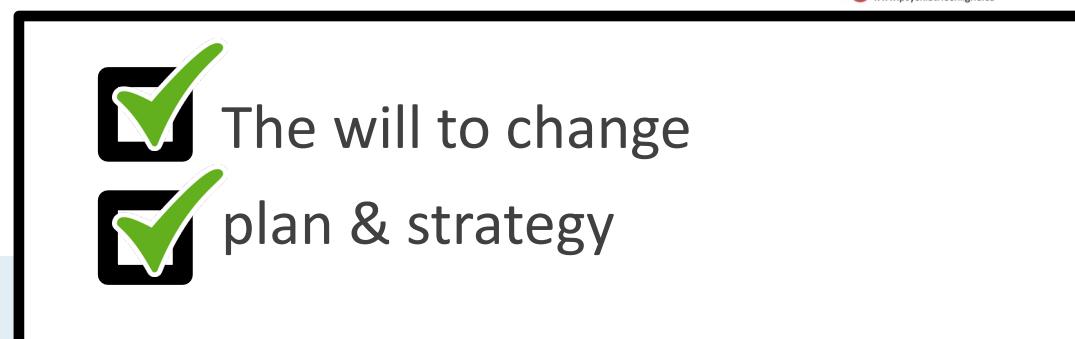

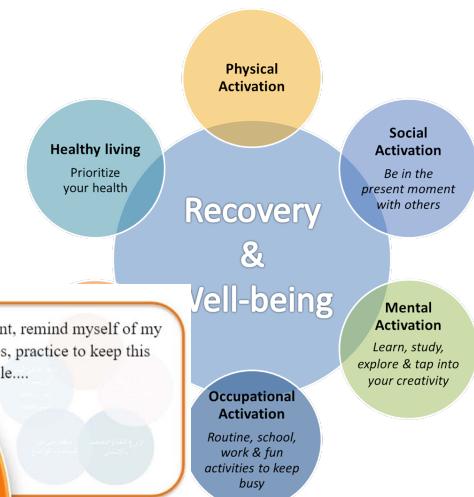

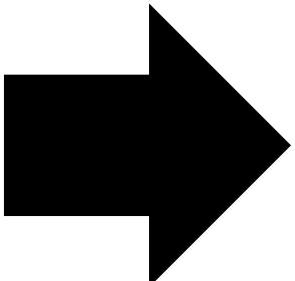

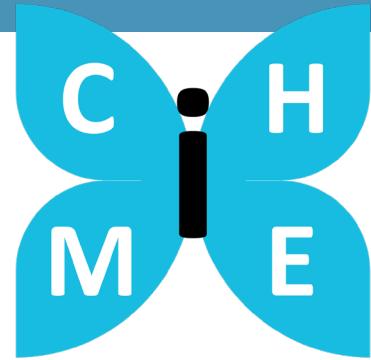

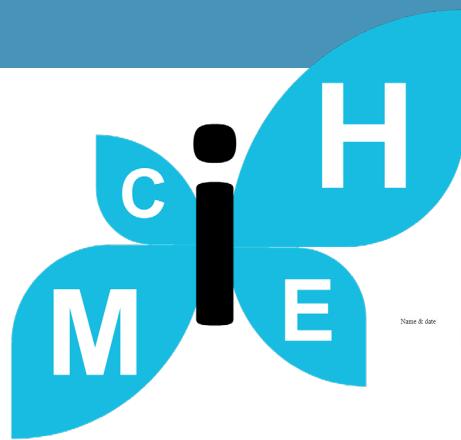

كلنا لدينا نفس الهدف

Websites:

www.repitpsychose.org

www.psychatrieonline.ca

clinique.lequi-libre.ca

www.moment-present.org

www.foliart.org

www.mywellnessfirst.ca

The image displays a collage of six screenshots from various mental health websites, each featuring unique design elements and text related to mental health and well-being.

- foli'ART**: A website with a colorful, abstract background featuring swirling patterns. The main title "foli'ART" is prominently displayed, followed by the tagline "avec un brin de folie, c'est plus beau, c'est plus vrai". Below this, there's a section for the "11e Congrès d'INTERVOICE - 11-13 novembre 2019 - Montréal".
- Psychatrieonline.ca**: A website with a wooden background. The main title "Psychatrieonline.ca" is at the top, followed by the subtitle "Coffre à outils numériques pour mieux engager la personne et appuyer le nouveau paradigme de soins précoces en santé mentale". It includes a circular graphic with concentric colors (red, green, blue) and a call to action "Suivez-nous sur Twitter @drminhmd".
- Clinique L'ÉQUI-libre**: A website with a wooden background. The main title "Clinique L'ÉQUI-libre" is in large letters, with "L'ÉQUI" in black and "libre" in blue. Below it, the tagline "On ne peut être bien que si on est libre et en équilibre" and "Maître de son bien-être". It features a blue butterfly logo and a small image of a person's face.
- MonBienEtreAvant.ca**: A website with a dark green background. The main title "MonBienEtreAvant.ca" is in large white letters. Below it, the tagline "- Prendre mieux soin de soi pour mieux prendre soin des autres -". It features a stack of black stones on the right side.
- REPIT Psychose**: A website with a white background. The main title "REPIT Psychose" is in bold black letters. Below it, the subtitle "Recherche et Enseignement sur les Pratiques Innovantes dans le Traitement de la Psychose". It includes a small circular logo with a blue butterfly and a search bar.
- mywellnessfirst.ca**: A website with a white background. The main title "mywellnessfirst.ca" is in bold black letters. Below it, the tagline "Time and health are two precious assets that we don't recognize and appreciate until they have been depleted.". It features a colorful graphic of overlapping circles and a small image of a person's face.
